

**If you'd like to be an Angel for Capital City Chorus  
We have lots of ways you can help!**

Capital City Chorus depends on the generosity of its friends as well as its members for support—after all, it takes a lot of money to produce a championship chorus.

You may make a donation that is unrestricted, allowing the Integrated Management Team to decide where the funds are most needed. Or you can make a restricted gift that makes a difference in an area you particularly care about.

**Call 241-SONG and leave a message. Someone will call you back quickly!**

Here are some gifts Capital City Chorus would love to receive:

New risers – the platform stairs on which we rehearse and perform – ours are old and creaky, and they don't creak in tune with our music! \$15,000

Costumes – Sweet Adelines put on quite a show, but the cost of those costumes is significant. Average cost for one outfit for the whole chorus: \$20,000

Coaching Sessions - We have a Director who also coaches other choruses, but we need coaching from other sets of ears and eyes to polish our work. One session, including fee, transportation, lodging, and meals averages: \$2000

Music – Those chords ring because we sing special arrangements that make the most of the unique barbershop sound. Music copies for each of us to learn one song: \$50

Learning tracks – We spend very, very little rehearsal time learning words and music—we do that at home. Learning tracks for the four parts help us learn faster, so we can spend rehearsal time creating that fabulous CCC sound. Tracks for one song: \$100

**Have some connections that would help us stage our shows?**

We are always looking for new (paid) performances. Do you know of a company, school, church, or other organization that would love a concert? Do you have connections to help us with theatrical lighting for our shows? Do you have other connections that could help?

**Call 241-SONG and leave a message. Someone will call you back quickly!**
